Join local author Andrea Burdick as she discusses her latest novel, *The Nine Past Lives of Kitty Katz!*

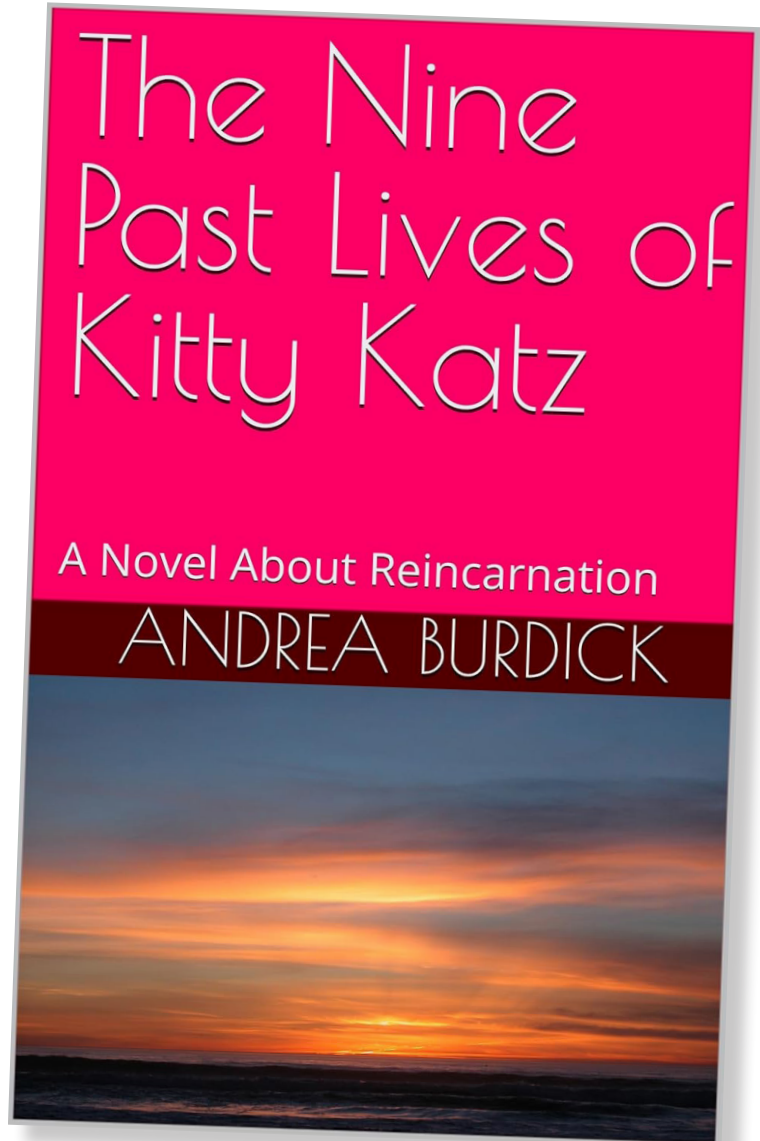

Have you ever wondered if you have lived before, what happens in the afterlife, and if there really is a God?

Kitty Katz has a jarring near death experience on her honeymoon, leading to a transformative experience on the other side and questions about her rational understanding of the world.

When Kitty remembers a series of past lives - changing locations, ethnicities, time periods, religions, genders, and living through many historical eras - she asks herself if reincarnation is real. How could she have lived all of these other lives and still be the person she is now?

Explore the concept of reincarnation and uncover the secrets hidden behind the veil and within the mind.

Join Andrea's discussion about New Age topics and *The Nine Past Lives of Kitty Katz!*
