Joanne Roach-Evans

Local author and illustrator Joanne Roach-Evans is ready to sign her six children's guidebooks about seashore life!

Her first children's book, *Seashells: Treasures from the Northeast Coast*, was published in 2013 by Islandport Press. Since then, she has continued to educate readers with her books on seaweed, marine animals, marine birds, and a narrative non-fiction book, *Little Piping Plover*. Her most recent book, *Wildflowers from the Northeast Coast*, was published in April this year, adding another treasure to the series.

Joanne attended the School of the Worcester Art Museum, Worcester State University, and Quinsigamond Community College, majoring in Art, English, and Graphic Design. She has a Master's in Education from Worcester State University.

Perfect for teaching kids about the seashore this summer, you won't want to miss this opportunity to get your copies signed!
