The Unlife of Lisa Cooper

For over a century and a half, Lisa Cooper has kept the toll of her vampiric curse at bay. By doing so, she's maintained the remnants of the woman she was in life, but she's denied herself a great deal of power. Such a sacrifice can be dangerous in nights filled with supernatural threats. When a mortal man enters her life, will Lisa have the power to protect him from the dangers of her life?

The Vampires of 1863

In the mid-19th century, Irish immigrants settled in the North End of Boston. A young vampire still considers those streets her home. But balancing her new life of darkness with a beloved family she's left behind is not so easy. And when she stumbles upon the murder of another vampire, Siobhan McQueeney is thrust into a deadly plot amongst the elder vampires of the city.
